## THE H. C. MILLER COLLECTION.

New York, March 13, 1917.

### To The Collectors:

If the cost of living is advancing so are United States Cents and Half Cents. For the past ten years there has been a steady advance in the prices realized for these interesting pieces in the best preservation. During the last year some remarkable jumps in price have been noted. The identical United States cent of 1793 which sold in 1910 for \$340, brought recently over \$700, while others in the same wonderful preservation, brought up to \$500 apiece. I feel no hesitation in predicting that the prices of these coins will continue to advance. Money never has been so plentiful in the United States as at present, and many records are sure to be made in the near future. The collection of Mr. Henry C. Miller, one of our best numismatists, is a fitting memorial to his patience, study and skill, and I offer it for unqualified public sale with great pleasure and pride. For number, variety and condition this offering of cents and half cents even surpasses the noted Mougey Sale, which I held in 1910. The collection of all dates of Cents and half cents is remarkably complete, with hundreds of sub-varieties, while the sets of 1794 and 1796 cents rank among the finest and most complete in the land. The catalogue lists so many gems that when one commences to describe a few coins he finds here hundreds of others in like preservation,—so gives up the task. Yet I wish to speak of two coins, namely a gem 1793 wreath cent, the finest example of its kind, and the proof, partly red, U. S. Half cent of 1796, with pole. These are gems which I hope will bring \$1,000 apiece and I believe them to be worth it.

Offered also are many choice United States Silver coins of highest rarity, and as with the cents and half cents Mr. Miller preserved his high standard of condition. Also there are Gold Proof Sets, an exceedingly rare gold medal to Admiral Horatio Nelson an 1880 "Stella" and many other items of interest. Study this catalogue carefully and preserve it for future reference, as the list of cents and half cents is especially valuable.

Send in your bids early, and be sure to bid on the lot you intend to, bid on, and bid by the piece and not by the lot. Remember the sale starts promptly at 1:30 o'clock in the afternoon and runs for two days. Thanking you for past support and asking for a liberal number of bids for this splendid sale, I am

Yours cordially,

THOMAS L. ELDER.

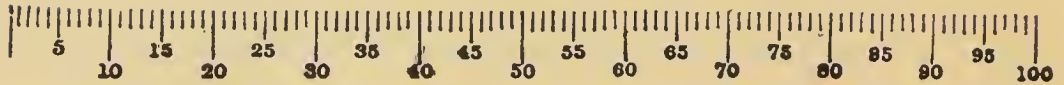

## IMPORTANT NOTICE.

### CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing within **30 days of the date of the sale.**

Coins and medals are sold at **so much per PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00.

Auction sales are **strictly for cash.** Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

**Be sure you bid on the lot you wish to buy.**

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing and shipping, but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

Priced catalogue of this sale sent for \$1.25 cash in advance.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.
